Dear Ms Stewart,

I am currently a student at St. Paul Catholic High School and I am taking the Co-operative Education program. I am interested in working with animals and pursuing a career related to the care of animals.

I am a grade 12 student and have had some experience volunteering in a pet store called Little Critters. I also dog sit for many of my neighbors. I am a confident individual with excellent communication skills. I also consider myself to have initiative and leadership skills for any task that I may take on.

I would like to work with your company. I hear only good things about it and I would like to learn and experience the work you do.

I greatly appreciate you taking the time to meet with me. You can contact my co-op teacher monitor, Suzanne Baird at (613) 820-9500.

Sincerely,

(Signature)
